North Branch Construction Begins Construction for new Lamprey Health Care Medical Office Building

(Nashua, NH) Construction Manager, North Branch Construction of Concord, NH has begun construction of the addition and renovations of 22 Prospect Street in Nashua, NH for the new Lamprey Health Care Medical Office Building. The scope of work includes a total gut renovation of the existing 11,600 square foot facility with a 9,000 square foot, two-story addition. The project also includes demolition of two adjacent buildings to make way for a new parking lot and second entrance to the new medical office building. Dennis Mires, The Architects is providing the architectural design for the project which will be completed in the summer of 2011.

North Branch Construction, Inc., one of the largest construction firms in the State of New Hampshire, has been serving their clients construction needs since 1958. Recent projects include Parmenter Place (6 buildings with a total of 25 two and three bedroom apartment/townhouse units) in Concord, NH, the new Windy Hill School (daycare/kindergarten) at Colby Sawyer College in New London, NH and a new multi-purpose building for the Governor Wentworth Regional School District – Kingswood Regional.
